

MEETING REPORT

Team Name: __Coding Chaos__ **Date of Meeting:** 29.04.2020

Start Time: 18:00 **End Time:** 19:30 **Meeting Location:** Whatsapp videocall

Moderator: Blirona Keraj **Recorder:** Xhoana Hajdari

Other Members Present: Inejda Pali, Fiorela Marra,

Xhoana Hajdari, Tomi Jorgji, Tea Facja

Members Absent: ---

Topics Discussed:

- Discussed about second part of the document's requirements specification.
- Made an overview of what we have accomplished till this phase of the project.
- Gave some ideas about the sketches of how our application is supposed to look.
- Discussed about what are we supposed to complete in the Uses Scenarios part of the requirement document specification.
- Divided the job that each member should fill during the week by consulting with each other.
- Set the tasks and the objectives that must be fulfilled until the next meeting.

Decisions Made:

- We decided that the job will be divided among members to accomplish the document requirements and the sketches of the application.
- Each one of the members is responsible for specifying one of the user scenarios as assigned respectively.
- User scenarios will be completed based on functional requirements of the respective user and based on sketches of the application.
- Five of us will complete user scenarios of five users who will have access to the application.
- One of the group members is responsible for doing the sketches of the application interface.

- Fiorela is responsible for drawing the sketches of each page of the application interface.
- Blirona is responsible for completing the Admin's scenarios based on the functional requirement of the admin.
- Xhoana is responsible for stating the Receptionist's scenarios based on the functional requirement of the receptionist.
- Ina is responsible for specifying the Dentist's scenarios of the User Scenarios section.
- Tea is responsible for completing the Patient's scenarios part of the User Scenarios.
- Tomi is responsible for the completing Economist's scenarios of the User Scenarios section.
- We decided to hold another meeting on Monday to discuss about each member work.

Tasks Assigned:

Read and try to understand the Scenarios part of Requirement Specification document. Fulfill the jobs assigned during the meeting. Complete the User Scenarios part of document until Monday. Create sketches in order to create a visual presentation of how the application will look like. All members should read the Use Cases section to create an idea of what will be and accomplished in the upcoming meeting. Be punctual for the next meeting.

Time, Place, and Agenda for Next Meeting:

17:00 Whatssapp videocall, on 06.05.2020
